### Bachelor's

#### Unitedworld Institute of Design

07/2018 – Present

Gandhinagar , Gujrat , India

Courses

- Product Design

## PERSONAL PROJECTS

### Design Process (04/2019 – 05/2019)

- To design a storage for fruits and vegetables which cannot be stored in refrigerator , which has proper ventilation and can prevent them from fungus

### Simple Product Design (11/2019 – 12/2019)

- To create a protection gear for proximal interphalangeal joint so that the cajon box (hard hand drum) player can play without facing any pain.

### Simple Product Design (11/2019 – 12/2019)

- To create a mini music instrument which will be placed on interphalangeal joints of fingers , so that it can be used as an accessory of any hand drum as well as any surface which reflects sounds

### Ergonomics (10/2019 – 11/2019)

- To design an chair seat on which people can sit cross leged comfortably
